CTO Testimonial

CTO has been working with Brad Hauck at Promote Search Engine Optimisation since May 2007. Brad upgraded our web site to allow for better search engine optimisation, giving us better results when clients search for computer training courses on the internet.

The CTO web site is now usually always on the first page of search results, and often in one of the first 3-4 spots – a fantastic achievement, which is sending lots more work our way.

We've even had to hire a new staff member, to cope with the extra workload.

Thanks Brad for your help – the results have been outstanding.

Cheers,

Rosy Jansen
